I, the undersigned, hereby apply for **Levelized Billing** to the residence at the address listed herein above, with all service being supplied by Coastal Electric Membership Corporation in accordance with the Service Rules and Regulations as established by said Corporation.

I understand and agree that my monthly bill will be based on my average consumption for the most current twelve (12) months of usage.

In case I am a new member, the bill will be based on the average of the then available billing history on my account (total usage to date divided by the number of months history available until such time as I have twelve (12) months history). I will provide a satisfactory letter of credit from my previous power supplier.

I further understand and agree I may be removed from the **Levelized Billing** if I fall to pay all bills promptly when rendered. I will at that time pay my balance in full and return to regular monthly billing. I understand at any time I choose to return to regular monthly billing, move to another residence, or when I discontinue service, the balance on my account will be due and payable or any credit refunded.

It is understood and agreed that this agreement will continue from month to month and year to year so long as I am a consumer and so long as I promptly make all payments due under this agreement or until such time as either party requests discontinuance of this **Levelized Billing** agreement.
